

Bangalla Web Services WebStore Request Sign-Up Form

As a Big Commerce authorized partner, Bangalla offers our customers access to a fully featured web store program backed by our internal design, management, and integration services. All web stores come with free access to monthly Gold dropship services for the first year as well as the opportunity to add private label items to your range.

With Bangalla you can choose to either set the store up yourself on Big Commerce and have us just load the products or you can have our design team get your store fully setup for launch. Please choose the type of Webstore you would like below. Please select only one store below unless you would like multiple stores opened for you (note a 10% discount applies to multiple store orders).

Type of Store	Service Level Required	
Grocery Store	Full Store \$495 _____	Product Load Only* \$195 _____
Snack Store	Full Store \$395 _____	Product Load Only* \$195 _____
Tea Store	Full Store \$395 _____	Product Load Only* \$195 _____
